

ROOF SEALANTS, ADHESIVES & PATCH PRODUCTS

Bonding Tapes

64-A series polysul-grip bonding tapes are 100% solid preformed synthetic polymer based adhesive tape which provides excellent adhesion to aluminum, glass, galvanized steel and many other porous and non-porous surfaces. Remains permanently flexible even at low temperatures. Ideal for truck/trailer roofs, window glazing, etc. **Other sizes available, minimum order quantities may apply.**

**** Sold in Full Case Quantities Only ****

White Mylar Patch Tape

One sided white butyl adhesive permanently bonded to white mylar film provides quick and easy permanent patch solutions to FRP and fiberglass panels.

Product # R204WTEWDH 4" Wide x 50 FT Roll

Aluma-Foil Patch Tape

One sided aluminum/grey butyl adhesive permanently bonded to mylar coated foil provides quick and easy permanent patch solution to truck/trailer roof panels.

Product # R204AFPAAL 4" Wide x 50 FT Roll

65-B Manus-Bond Roof Sealant

Brush grade neoprene based sealant. Product demonstrates excellent adhesion, weather resistance and sealant properties to aluminum, wood, fiberglass and plastics. Cured product is paintable.

Product # R20GC65BGY Aluminum/Grey (1 US Gallon Can)
Product # R20GC65BWH White (1 US Gallon Can)

65-H Manus-Bond Roof Sealant

Trowel grade neoprene based sealant demonstrates excellent adhesion, weather resistance and sealant properties to aluminum, wood, fiberglass, and plastics. Has high impact resistance and bond strength.

Product # R20GC65HGY Aluminum/Grey (1 US Gallon Can)
