

SEALANTS & ADHESIVES

65-A Manus-Prene Adhesive/Sealant

One part no mixing high strength sealant adhesive offers excellent durability, flexibility and adhesion without surface priming. Manus-Prene features high impact resistance, paintable when cured and is an ideal compound for permanent weathertight sealing and bonding of substrates such as wood, metals, fiberglass and plastics. Accepted by the USDA. Skins over in less than three minutes and is non sag. Packaged in cases of 36 x 10.3 oz / 305 mL spouted cartridges. MSDS available upon request.

Product # R2065ABK	Black
Product # R2065AGY	Aluminum Grey
Product # R2065AWH	Bright White

25-AM Manus-Bond Fast Cure High Strength Adhesive/Sealant

One part elastomeric adhesive/sealant offers excellent adhesive properties to many substrates including aluminum, brass, steel, glass, wood, mortar, concrete and many plastics. Contains no solvents and is isocyanate free. Mechanical fasteners can be reduced due to fast cure nature of product. Cured product may be painted with most industrial and commercial paints. Clean-up with mineral spirits. Unopened product may be stored for up to nine months at or below 80 degrees F. Packed in cases of 36 x 10.3 oz / 305 mL spouted cartridges. MSDS available upon request.

Product # R2025AMGY	Aluminum Grey
Product # R2025AMWH	White

75-AM Manus-Bond High Performance Elastomeric Adhesive/Sealant

One part elastomeric adhesive/sealant offers excellent adhesion and quick cure on many substrates including aluminum, steel, fiberglass, brass, glass, granite, marble, wood, and many plastics. 75-AM is highly weather and UV resistant and has been a mainstay product with the transportation industry due to its longevity and versatility of use, even at low temperatures. Contains no isocyanates and cleans up with mineral spirits. Cured product may be painted with most industrial and commercial paints. Unopened product may be stored for up to nine months at or below 80 degrees F. Packed in cases of 30 x 10.3 oz / 305 mL spouted cartridges or 20 x 20 oz foil wrapped sausage packs. MSDS available upon request.

Product # R2075ABK	Black
Product # R2075AGY	Aluminum Grey
Product # R2075AWH	Brite White
Product # R20SA75AGY	Aluminum Grey Sausage
Product # R20SA75AWH	Brite White Sausage

75-AM-UC Manus-Bond Ultra Clear

Environmentally friendly, isocyanate free, low VOC/HAPS free, high performance, flexible sealant that dries clear. Features superior primerless adhesion and flexibility to a wide range of substrates including PVC, bare aluminum, stainless steel, galvanized steel, anodized aluminum, tile, wood, concrete, FRP and some plastics. Extreme UV resistance, no solvents and good paintability make 75-AM-UC an excellent choice for both interior and exterior applications. Unopened product may be stored for up to nine months at or below 80 degrees F. Packed in cases of 24 x 10.3 oz / 305 mL spouted plastic cartridges. MSDS available upon request.

Product # R2075AUC	Ultra Clear
