Split Loom / Braided Flexo F6 Installation Tool

Quick and easy installations of wiring into lateral split tubing is accomplished by loading and sliding along the split line. As the tool travels along the sleeving it deposits the wires and allows closure to the tube.

Product # E7869828 1/4" & 3/8" Tube Size

Product # E7869829 1/2" & 5/8" Tube Size

Product # E7869830 3/4" Tube Size

Product # E7869831 1" & 1-1/4" Tube Size

Product # E7869832 1-1/2" & 2" Tube Size
