

SOLID ROD ASSIST HANDLES

13" Assist Handles - 4 Mounting Holes

Die formed 1/2" round rod style handle features 7" usable grab length and 4 countersunk holes to accept 1/4" diameter fasteners.

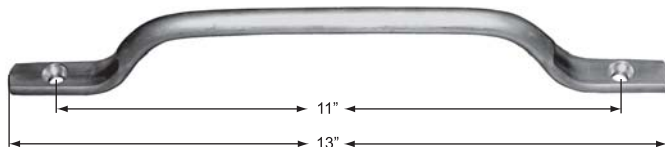

- Product # H54318AXZN** Zinc Plated
- Product # H54318XXAL** Natural Aluminum
- Product # H54318ACCH** Commercial Single Stage Chrome **** Not Recommended For Exterior Applications ****
- Product # H54318DNCH** Duplex Nickel Automotive Chrome
- Product # H54318XXSS** Electropolished 304 Stainless Steel
- Product # H54318XXBP** Black Coated (Non Countersunk Holes)

13" Assist Handles - 2 Mounting Holes

Die formed 1/2" round rod style natural finish aluminum assist handle features 7" usable grab length and 2 countersunk holes on 11" centers to accept 1/4" diameter fasteners.

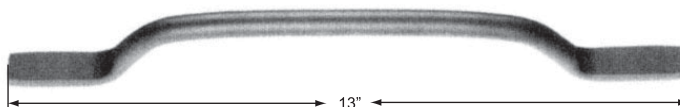

- Product # H54318SHAL** Natural Aluminum

13" Assist Handles - Weld On Application

Die formed 1/2" round rod style handle with 7" usable grab length features flattened ends without holes for weld on applications.

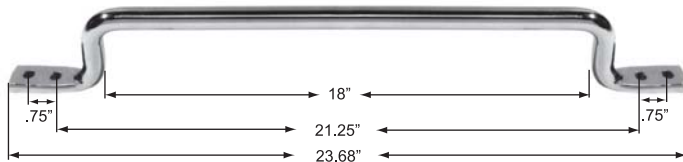

- Product # H54318PNPL** Plain Steel
- Product # H54318NHSS** Natural Finish 304 Stainless Steel

18" Assist Handles - Extra Duty

Die formed 5/8" round rod style handle features 18" usable grab length with 2" under tube clearance and 4 x .3125" diameter through mounting holes.

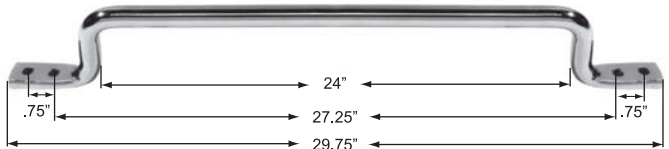

- Product # H543318XZN** Zinc Plated
- Product # H543318XAL** Aluminum
- Product # H543318XCH** Duplex Nickel Automotive Chrome

24" Assist Handles - Extra Duty

Die formed 5/8" round rod style handle features 24" usable grab length with 2" under tube clearance and 4 x .3125" diameter through mounting holes.

- Product # H543324XZN** Zinc Plated
- Product # H543324XAL** Aluminum
- Product # H543324XCH** Duplex Nickel Automotive Chrome

36" Assist Handles - Extra Duty

Die formed 5/8" round rod style handle features 36.5" usable grab length with 2" under tube clearance and 4 x .3125" diameter through mounting holes.

- Product # H543336XZN** Zinc Plated
- Product # H543336XCH** Duplex Nickel Automotive Chrome
