

MODEL 2020 VAN & CAB CHASSIS MIRROR SYSTEM

Model 2020 Mirrors

Feature an original equipment appearance and will replace the original equipment mirrors easily and securely using the existing factory mirror mounting holes. The unique pivot design allows the mirror arm and head to rotate 80° forward or rearward if impacted to prevent mirror/door damage. The pivot also provides for an easy to locate preset driving position. Available in a wide range of lengths, colours and options. *Designed to fit Ford Econoline, Ford Super Duty F-250 to F-750, Chevrolet G3500/Express, GMC TopKick C4500 to C8500, GMC Savana and GMC Silverado. Available in three arm lengths to fit 86, 96 or 102 inch wide bodies.* Powder coated die cast aluminum base and arm assembly with injection molded ABS mirror head. Choice of two mirror head configurations: standard mirror head has 57 sq. in. of flat glass and a corner convex mirror and measures approx. 7.5" x 11"; deluxe mirror head has 62 sq. in. of flat glass with an independent moving lower convex with 30 sq. in. of viewing area that measures approx. 9" x 13.625". Options include manually adjustable, motorized and heated, and motorized and heated with turn signal.

Foldaway Mirrors Return To Present Driving Position Without Readjustment Or Need For Tools
