

SEALS & GASKETS

Seals & Gaskets

Illustrated are standard stocked gaskets and seals. Pomar offers a multitude of additional profiles and styles with an almost endless variety. Please contact your Pomar representative with your specifications. We will be happy to assist you.

Standard profile EPDM rubber seals and gasket shapes are stocked black in colour with 3-M "ST" high strength bonded tape system adhesive for a permanent bond, or acrylic PSA adhesive for lighter duty or fixed panel applications. We strongly recommend the 3-M adhesive in all applications due to its superior long term performance.

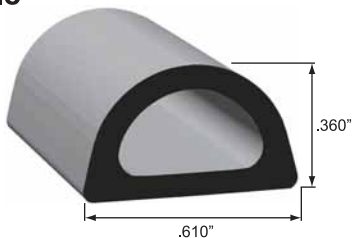

Products have a recommended temperature range of -20 degrees F through + 150 degrees F. During application, the ambient temperature must be above 60 degrees F.

Cleaning and Application

No matter what surface to which self adhesive seals and gaskets are applied to, the surface must be clean and free of all surface contaminants. Most bonding failures are the result of improperly cleaned bonding surfaces. Prior to application, surfaces must be cleaned with denatured alcohol.

109 Series "D" Profile EPDM Weatherstrip

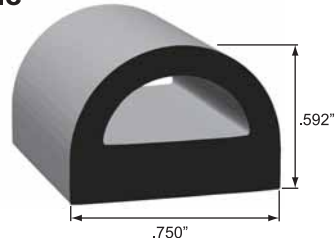

** 3-M ST High Bond Adhesive **

Product # R22109STBK

125 Series "D" Profile EPDM Weatherstrip

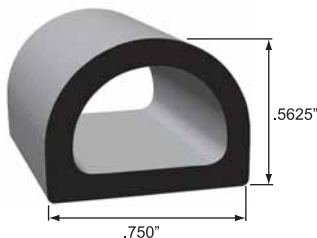

** 3-M ST High Bond Adhesive **

Product # R22125STBK

135 Series "D" Profile EPDM Weatherstrip

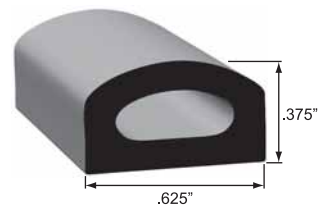

** 3-M ST High Bond Adhesive **

Product # R22135STBK

172 Series "D" Profile EPDM Weatherstrip

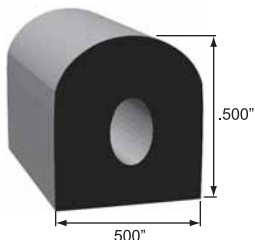

** 3-M ST High Bond Adhesive **

Product # R22172STBK

304-HDHP Series "D" Profile EPDM Weatherstrip

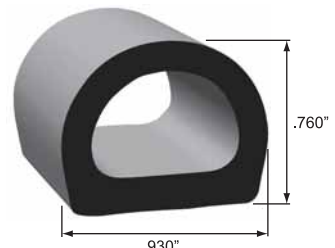

** 3-M ST High Bond Adhesive **

Product # R22304STBK

750-HC Series "D" Profile EPDM Weatherstrip

** Acrylic Adhesive **

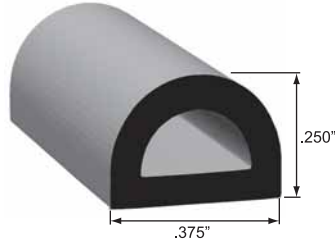

Product # R22750AABK

SEALS & GASKETS

1153 Series "D" Profile EPDM Weatherstrip

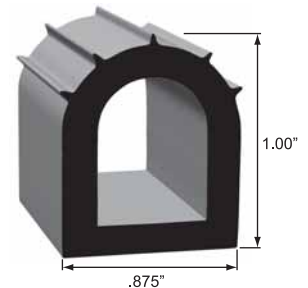

** 3-M ST High Bond Adhesive **

Product # R221153STBK

2828-HC Series "D" Profile EPDM Weatherstrip

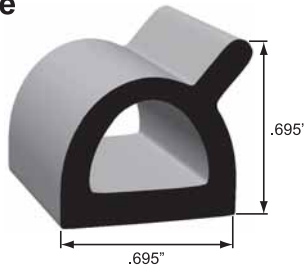

** 3-M ST High Bond Adhesive **

Product # R222828STBK

5036 Series "D" Profile EPDM Weatherstrip

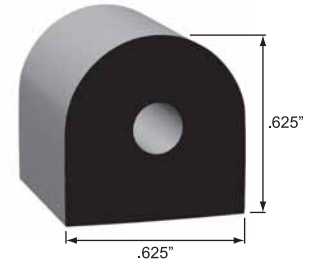

** 3-M ST High Bond Adhesive **

Product # R225036STBK

5381-HC Series "D" Profile EPDM Weatherstrip

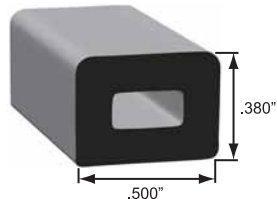

** Acrylic Adhesive **

Product # R225381HCBK

333-HC Series Hollow Core Rectangular Profile EPDM Weatherstrip

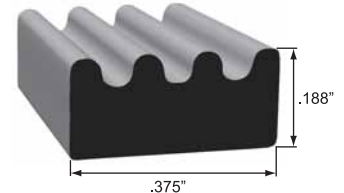

** Acrylic Adhesive **

Product # R220333HBK

113 Series Ribbed EPDM Weatherstrip

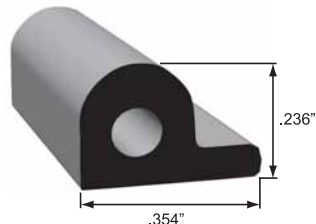

** 3-M ST High Bond Adhesive**

Product # R22113STBK

1077 Series "P" Profile EPDM Weatherstrip

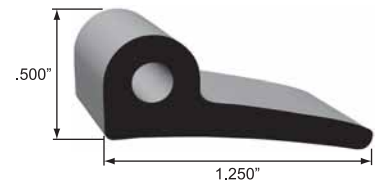

** 3-M ST High Bond Adhesive **

Product # R221077STBK

2199-P Series "P" Profile EPDM Weatherstrip

** Acrylic Adhesive **

Product # R222199AABK
